

List of publications

Paula Femenías, Architect MSA, PhD in Environmental Sciences and Architecture. Department of Architecture, Sub-department Built Environment and Sustainable Development. Chalmers University of Technology, Tel: +46 (0)31 - 31 772 2458
E-mail: femenias@chalmers.se

Reports/Books etc.

Femenías Paula (2004) *Demonstration Projects for Sustainable Building: Towards a Strategy for Sustainable Development in the Building Sector based on Swedish and Dutch Experience*. Dissertation. Department of Built Environment and Sustainable Development. Chalmers University of Technology. Göteborg.

Femenías, Paula (2000) *Learning from Buildings – A Strategy for Environmental Design: Discussions from a case study of the sustainable building project GWL-terrain in Amsterdam*. Licentiate Thesis. Department of Built Environment and Sustainable Development. Chalmers University of Technology. Göteborg.

Femenías, Paula (1999) *Holländsk ekoguide: En vägvisare till uthålligt byggande i Nederländerna*. Svensk Byggtjänst. Stockholm. [guide-book to sustainable building in the Netherlands published by Svensk Byggtjänst]

Femenías, Paula (1999) *Nationalpaketet bostad: Nederländernas norm för uthålligt bostadsbyggande*. Rapport 1999:5. Department of Architectural Design, Chalmers University of Technology. Göteborg. [translation of the Dutch National Sustainable Building Package for Housing 1996]

Femenías, Paula (1999d) "A Study of Puerto Jubiley: Buildings and Resources in an Old Village in the Sierra Nevada". Department of Architectural Design. Chalmers University of Technology. Göteborg.

Femenías, Paula (1994) *Ekobyggen i Göteborg med omnejd*, ByACTH 1994:3, Department of Building Planning, Chalmers University of Technology, Göteborg. [guide-book sustainable building in west of Sweden]

Gluch, Pernilla & Femenías, Paula (2002) "Communicating Sustainable Building: The Image Conveyed by Media". In *Mistra Sustainable Building: Experiences From a Cross-Disciplinary Research Programme*. Department of Building Economics and Management/ Department of Built Environment and Sustainable Development. Chalmers University of Technology. Göteborg. pp 77-90.

Reviewed conference papers

Femenías, Paula (2005) 'Demonstration Projects for Sustainable Building: Towards a Strategy for Sustainable Development in the Building Sector'. To be published in *Proceedings from Sustainable Building 2005* International Conference in Tokyo September 2005.

Femenías, Paula (2002) "Accepting the Challenge: Interpretation and Implementation of Sustainable Building in the Swedish and the Dutch Building Sectors". I *Proceedings of Sustainable Building 2002 International Conference – "The Challenge, The Knowledge, The Solutions"*, September 23-25 2002. Oslo, Norway.

Femenías, Paula (2001) "What, and in what way can we learn from demonstrations projects?" In *Proceedings from NORDCONF01 Göteborg 23 – 24 April 2001*. Göteborg

Gluch, Pernilla & Femenías, Paula (2002) "Discursive Features of Sustainable Building in Media". In *Proceedings of Sustainable Building 2002 International Conference – "The Challenge, The Knowledge, The Solutions"*, September 23-25 2002. Oslo, Norway.

Other conference papers

Femenías, Paula (2005) "Demonstration Projects for Sustainable Building – What's in them for utility?" In *Proceedings from SBE2005*, Pretoria June 22 – 24, 2005

Femenías, Paula (2004) "Demonstration Projects – An Effective Strategy for Sustainable Building?" In *Proceedings from the Regional Central and Eastern European Conference on Sustainable Building (SB04)*, 27-29 October, Warsaw.

Femenías, Paula (2004) "The Built Example as Design Tool for the Making of Sustainable Architecture" In *Proceedings from The International Conference Architectura 3000*, 30 June – 2 July 2004. Barcelona.

Femenías, Paula (2000) "Environmental design strategies - Learning from buildings". In *Proceedings from SB2000 conference in Maastricht October 23-25 2000*. Maastricht.

Femenías, Paula (2000) "Learning from buildings – A discussion on how knowledge can be gained from case studies of sustainable design". In *Proceedings from TIA - Teachers of Architecture, conference in Oxford 9 –12 July 2000*. Oxford.

Femenías, Paula (1999) "Bergsjön an Ecological district" In *Proceedings from CIB W69 meeting in Gothenburg June 4-8 1998*. CIB Proceedings Publication 243. Rotterdam.

Femenías, Paula & Hal, Anke van (2003) "Innovating for Sustainable Building: Guidelines for the Making of Demonstration Projects". Paper in preparation for the *11th International Conference of the Greening of the Industry Network: "Innovating for Sustainability"*, October 15-17 2003. San Francisco

Gluch, Pernilla & Femenías, Paula (2002) "Communicating Sustainable Building - The Image Conveyed by Media". In *Proceedings of the 10th International Conference of the Greening of the Industry Network: "Corporate Social Responsibility – Governance for Sustainability"*, June 23-26 2002. Göteborg.
